Cavity Sliders™

CaviSlider

MidWay®

MidWay®

Features

CS MidWay® is a mid range cavity slider designed to suit standard door sizes as well as the higher doors now commonly specified. It offers more size flexibility than the CS SpaceMaker but with less finishing features than our flagship cavity slider, CS TimberFormed.

- Available in standard and non-standard sizes, up to 2400mm high and 1200mm wide
- Designed to fit into standard 90mm wall framing
- All aluminium components screwed together for strength and reliability
- Supplied fully assembled, ready for on-site installation
- Standard pine jambs flat for architraves or grooved (rebated) for 10mm or 13mm wall linings
- Maximum door weight: 120kg
