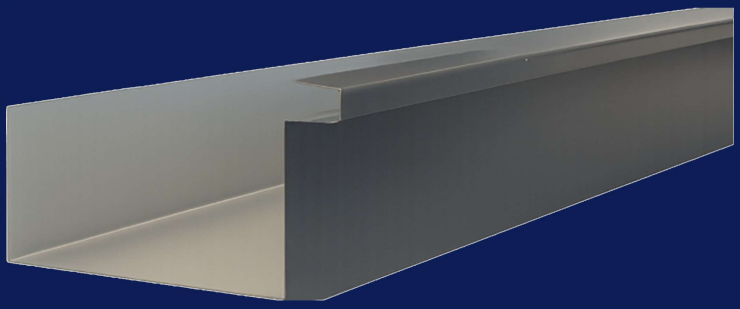
125 × 65MM · ARCHITECTURAL BOX

ARCHIE 125



Enjoy the clean lines of this designer, box-style residential spouting. Archie Box can be custom sized to suit a variety of applications — that includes with or without a front bead. The profile that gets the attention of architects.

Ideally suited for architecturally designed homes wanting clean lines with no curves.

- Kiwi design, clean straight lines
- Flat high front — no bead
- Custom width, front and back sizes
- Multiple material options
- Up to 20 year material warranty
- Huge colour choice

* Limited colours available

Archie 125 is supplied in lengths with straight-line joins — it is not a continuous-run profile. Specifications shown are for our standard Archie 125 box size; customised sizes will vary from the stated calculations.

ARCHIE IS MADE TO YOUR SIZE

The Archie 125mm box profile is manufactured to order in custom widths, with or without front bead and can be made in pre-painted steel, pre-painted aluminium or copper. Talk to your local team and we can size your gutter and brackets for you.
