Cavity Sliders™

CaviSlider

FramelessGlass

FramelessGlass

Features

The CS FramelessGlass cavity slider is the ultimate solution for modern and elegant interiors. Crafted with toughened glass door leaves, this system offers a clear and unobstructed view, perfect for spaces where light and transparency are paramount. Engineered for stability and durability, this cavity slider caters to both residential and commercial settings, boasting sleek aesthetics free of visible screws or fastenings.

- Various glass door options are available, including Clear, Etchlite, Colours on request. 10mm or 12mm safety glass must be specified.
- Designed to fit into standard 90mm wall framing.
- Maximum door weight: 120kg.
- Supplied with wool-pile brush seals fitted to the jambs, helping to protect and guide the door.
- Toughened glass door is stable even in varying temperatures.
- Glass clamp bracket (that holds the glass) may be hidden above head jambs for a clean, minimalist look or visible below head jambs for increased between floor and underside of head jambs.
