

SLIDING GATES

// OTHER LOUVRE INSTALLATIONS - SLIDING GATES

LOUVRETEC SLIDING GATES

- // Louvretec Sliding gates are built to the same high standards as our hinged gates – refer page 11.03.
- // Sliding gates can span up to 5.5m as a single panel unit running on two wheels.
- // Refer to Louvretec for non standard installations.
- // All sliding and hinged gates can be motorised with full security options.
- // Louvretec does not undertake gate motorisation but works with a number of specialist companies in this field.
