

VEOSYS

A stainless steel hinge for the Kiwi outdoors

Passionate about interiors

Hettich

Raise the expectations for reliable outdoor designs with the Veosys hinge. It is perfect for any high moisture or salt environment, and operates smoothly over an impressive temperature range. Produced from stainless steel equivalent to kitchen sinks, it is a robust all-rounder for challenging design situations.

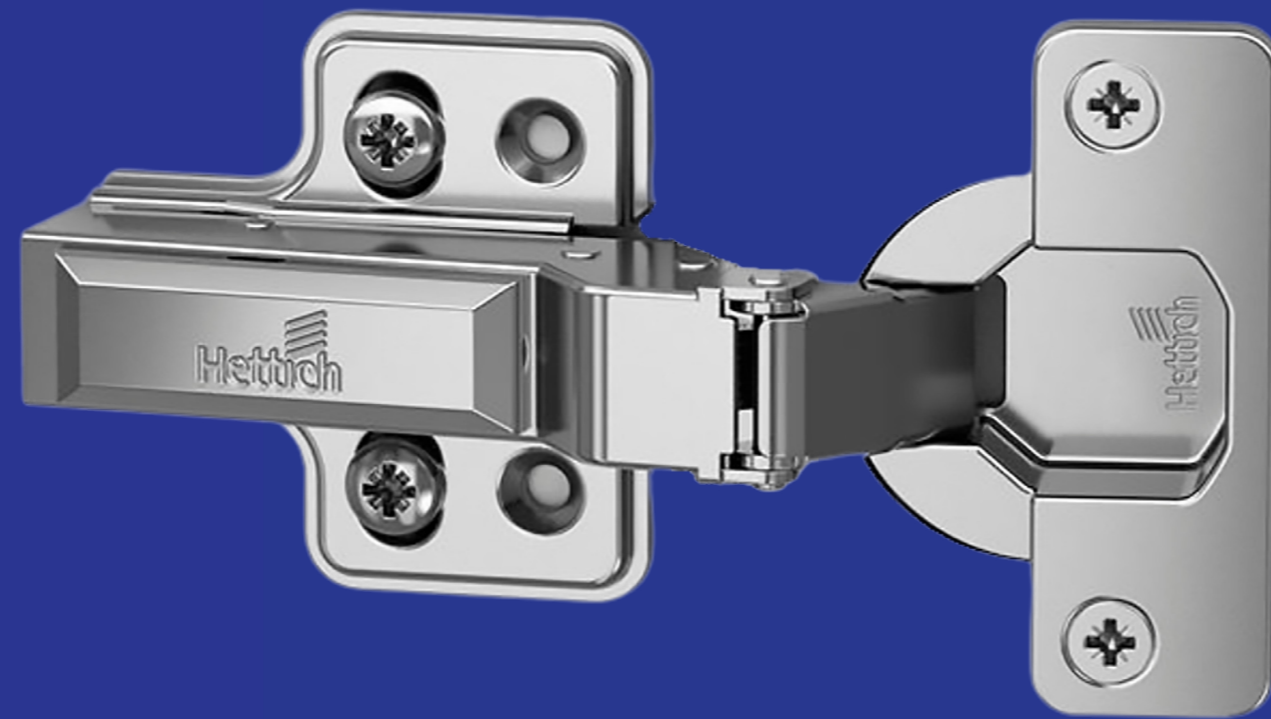

Choose Veosys for coastal homes, outdoor kitchens, indoor pools and gyms.

Veosys stainless steel hinge

Recreate this beach side outdoor kitchen using:
Veosys hinges with inset and full overlay door framing | InnoTech Atira soft-closing drawers
