BACKSTAGE II AND INTERLUDE II

BENTLEY

Backstage II & Interlude II

Backstage™ II and Interlude™ II applaud the tremendous talent of stage productions: costume, set, and lighting designers collaborating with performers in the magic of theater.

The quiet energy found behind the scenes is the source of inspiration for Backstage II, capturing those moments in the wings that are filled with a hushed frenzy of last-minute detail, with muted color that supports the subtle movement of the patterning. While Interlude II ultimately covers the floor with a softly connecting pattern placed in a bias, the composition truly reflects the complexity of movement and craft in every aspect of creating theater.

Presented in twelve refreshed colorways that pair together perfectly, Backstage II and Interlude II are ready to step into the spotlight and become the star of your show.
