

Introductory Offer

All NEW Product

The **CS SurfaSlideR Auto** is the latest product in the CS AutomaticUnitS range from CS FOR DOORS.

And during the months of April and May we're running a *special* promotion to launch this exciting new surface sliding automatic door product.

▲ 1 - A Bi-PartinG CS SurfaSlideR Auto unit, with clear toughened frame-less glass doors.

CS SurfaSlideR Auto has a number of unique design features and options - the main ones are:

- ▶ Hand-held remote control for locking and unlocking.
- ▶ Single and bi-parting options available, to fit door leaves up to 1450mm.
- ▶ Magnetic or mechanical locks are not required - the motor holds doors locked in the closed position.
- ▶ Can be specified with either a framed door (including our aluminium **NewYorkeR**) or frameless glass door leaf, which we can also supply.
- ▶ Heavy duty aluminium track has significant door weight carrying capacity - 125kg for a single unit and 250kg for a bi-parting double unit.

The Complete Auto Door Solution

For a complete solution, order your **CS SurfaSlideR Auto** unit pre-fitted with **NewYorkeR** or **ParisiaN** doors. These stylish aluminium framed doors, from our **DoorLeaveS** range, come pre-finished in a choice of powder coated or anodised colours. A variety of glass options (or alternative materials) are available for the panels, in configurations to suit. E.g. 1-light, 2-light, etc.

The Offer

The great thing about this promotion is that it's a complete **hassle-free** package that includes:

- ▶ **FREE** Nationwide Delivery - April & May 08 only
- ▶ **FREE** Nationwide Installation - April & May 08 only
- ▶ **FREE** Nationwide Commissioning - April & May 08 only

All basic operational parts are included (sensors, power supply, key switches, battery backup, safety beams, etc) for a plug and play system.

It's most likely EVERYTHING you need is in this package!

Prices
