

TECHNICAL DETAILS 300MM AIRFOIL MAXI LOUVRE

300MM MAXI LOUVRE

elliptical shape

The 300mm Maxi Louvre is now available in a motorised option using Louvretec's new Maxi-Drive pivot system.

This new pivot system hides both the motor and pivot mechanism within a structural aluminium support frame.

Powered by Somfy, Maxi-Drive incorporates both a reduction gearbox and supporting drive arm, providing strength needed for pivoting large blade louvres. Ideal for both residential and commercial applications.

Also available as end or bracket fixed, horizontal or vertical overhead panels.
