

PRODUCT OVERVIEW RL 450 MITRE LOUVRE

RL 450 MITRE LOUVRE

rectangular louvre

Introducing Louvretec's new range of Rectangular Louvres (RL). The RL 450 Mitre is one of six large rectangular shaped louvres designed to meet demand for large custom louvre systems. Two blade shapes are available - the traditional square end or mitred to a 7° angle as per its partner blade the RL 450 Square (see previous pg). Both RL 450 louvres can be Maxi-Drive motorised, end or bracket fixed. The specific design and engineering of the Maxi-Drive, end & bracket fixing systems ensures a clean, uncluttered appearance & outstanding spanning capabilities. For both commercial and residential applications.
