

# Plastic Access Panel

White, 200mm x 200mm

**NEW**

## EASY ACCESS

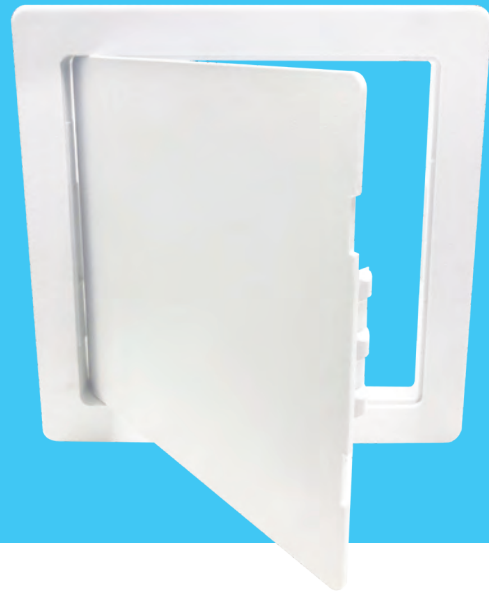

To plumbing and electrical

## PLASTIC FINISH

Easy to clean

## SIMPLE DESIGN

Easy installation

**Masons Plastic Access Panel provides easy access through non-fire rated dry lined walls and ceilings to plumbing and electrical. Made from stylish matt plastic it's easy to clean and simple to install. Size: 200mm x 200mm.**

**This hatch is perfect for both residential and commercial buildings.**

### Applications

- Easy access to: **Plumbing and Electrical**
- Lightly textured surface that will not discolour and is easy to clean
- Pivot hinges moulded into tray and door frame
- Lightweight and can be fixed with suitable building adhesive or screws
- Snap closed hinged and removable door

### Installation Guide

1. Put the Access Panel against the wall or place that it is to be fitted, making sure it is straight.
2. Draw around the square inner rim as a guide for cutting.
3. Cut a hole along this drawn line. For best result make the Access Panel a tight fit.
4. Push the Access Panel into the hole. Adhesives or screws can be used for a firmer fit.

### To Open the Panel Hatch

Place a flat head screwdriver or coin into the recess and lever open.
