# STARTING YOUR DESIGN JOURNEY WITH US AT TILE WAREHOUSE

- Our promise to our customers is to make design and selection, easy.
- Our staff come from a myriad of backgrounds and experience including architects, interior designers and colour experts so can assist with everything from design to product selection.
- We are NZ's market leader with the largest stocked range of first quality product.
- We source only the latest ranges and trends from Italy, Spain and around the world.
- We have a store near you with 32 stores nationwide.
- We import all our ranges so we only offer first quality product covered by our 10 year Guarantee.
- We have the best range of timber tile - economical and hardwearing for all living spaces.
- We have the best range of large module porcelain tiles for all living spaces.
- We are the industry experts and we make design and selection easy.
- Being industry experts, we understand not all tiles are created equal. We do not import 'commercial choice' or 'run of kiln' tile as we do not want to compromise your experience with a mixture of firsts and seconds. We also do not import tiles branded 'porcelain' if they have a water absorption of between 1-3%. *Genuine* porcelain has a threshold of 0.5% and anything above this can compromise the performance of the tile.
- We batch-control our product lines.
- Our DNA is to deliver exceptional quality products and unparalleled customer service, and we spare no effort to achieve that goal.
