

Natural-looking woodgrain finishes for aluminium and steel extrusions

offered exclusively in New Zealand by the Powder Coating Group

- ✓ Lightweight
- ✓ Non-Warping
- ✓ Impact & Scratch Resistant
- ✓ Virtually Maintenance Free
- ✓ Eco Friendly
- ✓ Fully Customisable
- ✓ Stain & Fade Resistant *

The images MetWood uses are high definition photographs of actual pieces of timber.

This means that MetWood sublimated finishes exhibit all of the natural variations of colour, grain and blemishes that are seen in real wood.

* Some finishes also exhibit some shifting of colour over time, a characteristic similar to that of actual wood.

THE WARMTH
& BEAUTY OF WOOD
THE DURABILITY
OF ALUMINIUM

25yr Warranty

With a 25 year powder coat warranty available for aluminium, our sublimation finishes require only normal washdown maintenance to give a long lasting finish - backed by Interpon - the world leader in sublimation powder coatings.
