# **DE430PBOX-DE430016**TEMPOMATIC 4 URINAL VALVE

## **DELABIE**

6V battery operated illustration shown

### **DESCRIPTION**

DELABIE Tempomatic 4 electronic urinal valve is for individual urinals with multiple installation options. The electronic valve has a waterproof recessed housing that can be cut to size to ensure a perfect seal.

Supplied for both mains supply (comes with cable) and battery operation and available in 145 x 145mm polished stainless steel, satin stainless steel, and white finish, this urinal valve is ideal for every situation.

Delabie has developed an intelligent urinal valve that is able to detect high-frequency periods and adapts its rinsing accordingly.

Shockproof infrared presence detector. Activates after 10 seconds of presence. 3 programmes (rinsing volume can be set according to urinal type). Hygienic duty flush, every 12 hr, 24 hr (or Off) after the last use. Flow rate pre-set at 0.15 l/sec., can be adjusted. Supplied with Ø35mm connection washer or ½" brass connection.

Compatible with thick wall finishes up to 120mm. Integrated stopcock, flow rate adjustment, filter and solenoid valve are all accessible from the front.

Tempomatic 4 urinal valve is compatible with grey water.

#### **MODELS**

**DE430PBOX** + **DE430016** - Bright polished stainless steel finish, 6V battery operated - 5 star WELS rating.

**DE430SBOX** + **DE430010** - Bright polished stainless steel finish, 220V mains supply - 5 star WELS rating.

**DE430PBOX + DE430006** - Stainless steel satin finish, 6V battery operated - 5 star WELS rating.

**DE430SBOX + DE430000** - Stainless steel satin finish, 220V mains supply - 5 star WELS rating.

**DE430PBOX + DE430026** - White epoxy-coated stainless steel finish, 6V battery operated - 5 star WELS rating.

**DE430SBOX + DE430020** - White epoxy-coated stainless steel finish, 220V mains supply - 5 star WELS rating.
