Frame Types & Profiles

Timber Frame

The timber frame profiles listed below are available for the TB door set

Steel Frame

The steel frame profiles listed below are available for the TB door set

Standard frames are three-sided only with no sill. Four-sided frames and/or custom sills may be available on request. For more in depth information on frame profiles and sizes, please see our Installation Instructions.

Vision Panels

Vision panels for the XT door set are available with timber bead, and can be of any practical size within the door leaf provided that there is a minimum 150mm perimeter rail as shown below.

Glazing can be of any type to suit your requirement.

Hardware

There are no hardware limitations for the Solid Core door set, however consideration should always be given to fitness for purpose.

Concealed hinges are not an option on this doorset.
