Set Out: P Pan

190mm

Soft Close Seat

The Soft Close automatic closure system finally puts an end to noisy closing WC seats. Just a fingertip touch and the lid closes all by itself, gently and silently.

Overheight Toilet

With a pan and seat up to 40mm higher than standard toilets, the overheight toilet allows for easy transfer on and off the seat. This not only makes life easier as we increase in age, but is ideal for the elderly and those with restricted movement.

BTW CC Toilet Suite

The back to wall (BTW) close coupled (CC) toilet suite adds a streamlined, modern look to any bathroom. Positioned flush with the wall, there is no gap behind and all waste and inlet pipes are concealed, with the cistern then positioned above the bowl.

The modern bathroom design is manifested as hard edged minimalism, but there is a noticeable significant shift toward something softer. Crisp outer edges combine with soft interiors to produce sleek solutions. Hard and soft combined, references the minimal hard edge with a soft flowing contemporary reference. Organic & sculptural.
