

Ambience

Perfect for wall and ceiling lining

Ambience is excellent value for money and an attractive alternative to traditional linings. This versatile interior lining can be used anywhere from office interiors, lounges and commercial spaces to rumpus rooms and garages.

The Ambience range has a B face veneer and a BB back

Pre-finished: The Ambience range is also available pre-finished ready to be installed without the hassle of additional finishing.

The range

Ambience is European Poplar plywood with different wood grain finishes: Poplar, Birch, Eucalypt and Okoume. These panels are available both unfinished and pre-finished, ready to be installed without the hassle of additional finishing.

Ambience – Poplar

Manufactured from selected high quality Italian Poplar veneer which has been “blonded” to achieve a consistent creamy-white appearance. Ambience – Poplar is creamy-white in colour. Straight grained with a fine and even, woolly texture.

Ambience – Birch

Stable and lightweight European manufactured Poplar plywood with a decorative Birch veneer face and back. Ambience – Birch is creamy-white to biscuit in colour with a straight grain and fine texture.

Ambience – Eucalypt

Stable and lightweight European manufactured Poplar plywood with a decorative Eucalypt veneer face and back. Ambience – Eucalypt is light in colour, ranging from straw to reddish brown. Predominantly straight grained.

Ambience – Okoume

Stable and lightweight European manufactured Poplar plywood with a decorative Okoume veneer face and back. Ambience – Okoume is light in colour, ranging from straw to brown. Straight to slightly wavy grain and an even medium texture.

Handling and Storage:

Plywood is a natural product that can be affected by changes in ambient weather conditions, causing previously flat sheets to bow or twist. All precautions are taken to minimise this effect, however once the plywood has left our warehouse we cannot guarantee sheets to remain flat. This is particularly important where free
