

## Attestation

### E1-0497-2/2015

Herewith it is confirmed that in the second half of 2015 a regular supervision of the product

### **birch plywood for building purposes**

plywood, birch, phenolic-formaldehyde (PF), unfaced  
technical class: DIN 68705-3, BFU 100; DIBt 100, E1  
in the thickness range:  $\leq 40$  mm

manufactured by

**Closed Joint-stock company "Plyterra"**  
**Leninskaya str. 1**  
**431105 Umet, Zubovo-Polyansky region**  
**Russia**

was carried out by the approved supervision body (NDS08)

### **Fraunhofer-Institute for Wood Research**

Wilhelm-Klauditz-Institut WKI  
Bienroder Weg 54 E, 38108 Braunschweig, Germany

according to supervision contract no. 0497 dated 18 May 2006. It was found that the requirements on personal and equipment are suitable to produce the product in an adequate way and the factory production control meets the requirements of the "Regulation on the classification and external supervision of wood-based panels regarding formaldehyde emission (DIBt - Guideline 100)" dated June 1994. This attestation is part of the evaluation report and is valid for the following 8 months. The continuous external supervision of factory production control shall take place twice a year.
