

Quality Assurance

EWPAJAS-ANZ Product Certification Scheme

Austral Plywoods is a member manufacturer of the Engineered Wood Products Association of Australasia (EWPAJAS). This company maintains a process quality control system in compliance with the EWPAJAS-ANZ product certification scheme.

Audits

A feature of the scheme is twice yearly factory audits covering every aspect of the process quality control system. The audit is carried out by EWPAJAS Engineering staff. The EWPAJAS is itself subject to periodical audit of its administration of the scheme by JAS-ANZ, the peak accreditation body in Australia and New Zealand formed by treaty between the two countries.

Standards

Austral Plywoods is licensed to certify its product manufactured in compliance with the following standards:-

- AS/NZS 2269 - 2008 Plywood Structural
- AS/NZS 2270 - 2006 Plywood and Blockboard for Interior Use
- AS/NZS 2271 - 2004 Plywood and Blockboard for Exterior Use
- AS/NZS 2272 - 2006 Marine Plywood

Quality Assured Supplier Status

The Quality Assurance System described above has been verified by a quality system audit and satisfies the quality requirements of Queensland's State Purchasing Policy.

Registered Quality System Standard: EN 45011 : 1989
