## THE DOLPHIN STORY

---

### A BETTER EXPERIENCE A BETTER WASHROOM

---

Let's start with the obvious reason for making us your go-to supplier of all things washroom-related: the exceptional quality and immense breadth of our product range.

We've got it all. From dispensers to hot air dryers, taps and bins to baby change units, every item we sell is intelligently designed, not just to look good but to be truly fit-for-purpose.

And then there's our proven expertise. We've been working with architects, contractors and developers to create beautiful, high performance commercial washrooms for nearly 20 years; and we couldn't be more proud of what we have achieved together.

From the Shard to the Royal Shakespeare Theatre, Sydney Airport to St Pancras International, Wimbledon to Wells Cathedral, you'll find Dolphin washrooms – looking great, and performing brilliantly – in an incredible range of prestigious settings around the globe.

## GET IN TOUCH

---

We're always happy to talk. Simply pick up the phone, pop in to see us or send us an email and we'll get in touch as soon as we can. We have a number of washroom experts in the field, who are always ready to come and discuss your unique design considerations.

First established in South Africa over 30 years ago, Dolphin now has offices in the UK, France and Australia, and distributors worldwide. Recent acquisitions of businesses within the washroom sector has seen Dolphin grow, around the globe.

But we're probably even prouder of the lasting relationships we've built. Many of our clients come back to Dolphin time and again, for every new project. Which we think says a lot about what we're like to work with, and how much we put into getting every job exactly right.

Our clients know they can depend on us to turn their vision into reality; to deliver on time, every time; and to provide prompt and highly responsive aftersales support, whenever they need it.

Beautiful, intelligent, agile, empathetic ... a better washroom, and a better experience, are definitely a Dolphin Thing.

We've got the globe covered with a reliable network of distributors in Europe, Asia, Australasia and the Middle East. If you'd like to get in touch, you can find all of their contact information on our website.

> Touch Free Sensor Taps	2
> Touch Free Soap Dispensers	6
> Touch Free Paper Towel Dispensers	12
> Alavo – Touch-Free Mirror Hand Wash System	14

## TOUCH FREE SENSOR TAPS

### DS111 / DS112

- > Wall Mounted Touch Free Sensor Tap
- > Flow rate – 3.0 litres/minute
- > Mirror polish and satin finishes available
- > 150mm, 175mm, 200 and 225mm projection (to outlet)

### DS113 / DS114

- > Wall Mounted Touch Free Sensor Tap
- > Flow rate – 3.0 litres/minute
- > Mirror polish and satin finishes available
- > 150mm, 175mm, 200 and 225mm projection (to outlet)

### DB1400 / DB1425 / DBL1400 / DBL1425

- > Wall Mounted Touch Free Sensor Tap
- > Flow rate – nominal 3.5 litres/minute
- > Mirror polish and satin finishes available
- > 183mm and 238mm projection (to outlet)

### DB400 / DBL400 / DBXL400

- > Wall Mounted Touch Free Sensor Tap
- > Flow rate – nominal 3.5 litres/minute
- > Mirror polish and satin finishes available
- > 155mm, 205mm & 280mm projections (to outlet) available

### DS211

- > Basin Touch Free Sensor Tap
- > Flow rate – 3.0 litres/minute
- > Mirror polish, satin, PVD and power coat finishes available
- > 150mm and 200mm projection (to outlet)

### DS213

- > Basin Touch Free Sensor Tap
- > Flow rate – 3.0 litres/minute
- > Mirror polish, satin, PVD and power coat finishes available
- > 150mm and 200mm projection (to outlet)

### DB180 / DB185

- > Basin Touch Free Sensor Tap
- > Flow rate – nominal 3.5 litres/minute
- > Satin and mirror polish finishes available
- > 103mm projection (to outlet)

### DB100-STL / DB125-STL

- > Basin Touch Free Sensor Tap
- > Flow rate – nominal 3.5 litres/minute
- > Satin and mirror polish finishes available
- > 91mm projection (to outlet)

## TOUCH FREE SOAP DISPENSERS

### BCL632

- > Touch Free Liquid Soap Dispenser
- > Chrome plated brass
- > Satin and mirror polish finishes available
- > 1L Soap container. Multi-feed options available

### BCL632F

- > Touch Free Foam Soap Dispenser
- > Chrome plated brass
- > Satin and mirror polish finishes available
- > 1L Soap container. Multi-feed options available

### DPI106E

- > Dolphin Prestige Touch Free Liquid Soap Dispenser
- > Satin and mirror polish finishes available
- > 850ml Capacity
- > H 298mm x W 86mm x P 121mm

### DPI106E-SAN

- > Dolphin Prestige Touch Free Sanitiser Dispenser
- > Satin and mirror polish finishes available
- > 900ml Capacity
- > H 298mm x W 86mm x P 121mm

- > 800ml capacity
- > 304 stainless steel
- > Behind mirror, mirror not included
- > H 400mm x W 108mm x P 135mm

## TOUCH FREE PAPER TOWEL DISPENSERS

### DP3107 / DP3108

- > 1 paper roll
- > Battery (DP3108) & transformer (DP3107) powered options available
- > Satin and mirror polish finishes available
- > H 448mm x W 350mm x P 210mm

### DP3109 / DP3110

- > 1 paper roll and 1 reserve roll paper towel type
- > Battery (DP3110) & transformer (DP3109) powered options available
- > Satin and mirror polish finishes available
- > H 580mm x W 350mm x P 210mm

### DP3307 / DP3308

- > 1 Paper roll
- > Battery (DP3308) & transformer (DP3307) powered options available
- > Satin and mirror polish finishes available
- > H 448mm x W 350mm x P 30mm x D 180mm (recessed)

### DP3309 / DP3310

- > 1 Paper roll and 1 reserve roll
- > Battery (DP3310) & transformer (DP3309) powered options available
- > Satin and mirror polish finishes available
- > H 580mm x W 350mm x P 30mm x D 180mm (recessed)

## INTEGRATED MIRROR SYSTEM

Alavo is a modular, touch-free, behind-mirror handwash system keeping taps, soap dispensers and hand dryers concealed behind a back-lit mirror above the wash basin. By saving space, minimising water and reducing queues, this wash wall system benefits everyone in the process from design to purchase, contract and installation, facility management and the user.

By saving on space the landlord/developer can increase the lettable floor area. Architects can shake off design restriction and be endlessly creative with this hugely customisable system. Contractors can enjoy a modular system built offsite. Facilities teams can enjoy an easy to service unit with easy to access consumables. And the washroom user? – They get to enjoy an inspirational, beautiful design in the washroom making for safe, pleasant and comfortable use.

While troughs are available as a solo item to suit whatever washroom you have envisioned, they work particularly well with the Alavo system, creating an entire 'washwall'.

## WHAT IS ALAVO?

### CUSTOM

Tailor design from hundreds of options

### CONTROL

Adjust lighting, sensors and modes

### TOUCH FREE

Infrared sensor for hygienic operation

### MODULAR

Pre-built modules manufactured off-site

### CONCEALED

Appliances contained behind glass mirrors

### INSTALL

Rapid installation time of pre-built modules

### MAINTAIN

Access to services and consumables

### SECURE

Lockable control panel and mirrors

### STYLE

Modern and elegant premium experience

### WATER SAVING

Reduces flow rates and automatic shut off

### LIGHTING

Integrate adaptable lighting systems

### SEALED CARTRIDGE SOAP

Reduces contamination and maintenance

## ALAVO LAYOUTS

### MULTI-USER OPTION

The multi-user option accommodates all the handwashing and drying components across the vanity area, with multiple units to incorporate them. This option incorporates the innovative 'plug n play' unit connection to expedite installation. The multi-user system is modular in concept and is flexible in practice, due to the number of unit sizes that facilitate a large number of configurations. The multi-user option has three tap spacing options: 600mm, 750mm and 900mm.

The smallest multi-user unit is 1200mm with two taps. Any longer versions can stretch as wide as your washroom requires, with the only limiting factor being the size of your washroom.

### SINGLE-USER OPTION

The single-user option accommodates all the handwashing and hand drying components in one unit, creating an ideal solution for Superloo or self-contained toilets. The single-user system is available in three standard widths: 650mm, 800mm and 950mm.

There are many other options available with the single-user version, helping to create a bespoke unit to suit your washroom - Visit the Alavo configuration tool to build the version that fulfils your design dream.

## CASE STUDY

### MELBOURNE AIRPORT AUSTRALIA

Opened in 1970, Melbourne Airport is the second busiest airport in Australia.

Working with Grimshaw Architects, we were able to deliver a custom Alavo handwash system and continuous Corian vanity wash trough, creating a clean and sleek washwall.

The washroom design featured black mirror edging which perfectly complemented the blue LED back-lit service icons on the Alavo's mirror.

The facility and janitorial teams will value the behind mirror system prompting them to refill soap and the ease of exchanging the Alavo soap cartridge system, in this heavy footfall location. A washwall like this also carries the major benefit, with everything concealed behind the mirror and the continuous lines of the trough, of minimised cleaning and maximised hygiene.
