

# CRETE

## COMMERCIAL

Featuring  ISOCORE Technology®

**A Enhanced Ceramic Bead Overlay treated with Ultra-Fresh™**  
Microscopic ceramic particle suspended in a UV cured urethane coating for superior wear & stain resistance and easy care & maintenance. Ultra-Fresh™ treatment inhibits the growth of odour and stain causing mould and mildew.

**B Clear Vinyl Wear Layer – 0.55mm**  
Transparent vinyl wear layer provides significant durability against scuffs and abrasions in commercial applications.

**C High-Resolution Printed Decorative Film**  
High resolution printed film delivers the architectural impact of textured concrete.

**D Solid Vinyl Top Layer – 2.0mm**  
Multiple layers of solid virgin vinyl enhances durability, provides resistance against dents & chips, facilitates authentic embossing and improved comfort under foot.

**E ISOCORE Technology™ – 4.0mm**  
A highly-engineered, structural, grey core made from extruded, closed-cell vinyl, ISOCORE Technology™ is 100% waterproof, rigid, light, strong, and dimensionally stable.

**F Easy Drop & Lock Installation**  
Innovative DropLock 400 installation system makes Crete fast and easy to install and enables point to point.

**G Integrated Sound Mitigating Underlay**  
An integrated 1mm underlay reduces both reflected and transmitted sound, provides warmth and comfort underfoot and helps conceal substrate imperfections. Ultra-Fresh™ treated.
