

## Guarantees

All Continuous Group products and services come with a minimum 10 year and 12 year Guarantee.

This guarantee relates to:

### 12 Year Guarantee

Spouting - Fascia - Downpipes

(when supplied and installed by any Continuous Group Ltd Licensee)

### 10 Year Guarantee

Installation - Workmanship - Performance of Product

The steel used in the manufacture of the spouting is supplied by Pacific Coil Coaters. They provide their own Manufacturers Warranty, which covers the colour and stability of the product. The spouting, fascia and downpipe guarantee for Magnaflow™ and AlumiGard™ is 10 years and it is important to note that all guarantees relate to the correct geographical usage of the product. Please refer to the “Atmospheric Environments Usage Guide” <https://www.colorcote.co.nz/about-us/warranties> (note the terms and conditions relating to “unwashed areas’ as covered in the Pacific Coil Coaters Technical Manual <https://www.colorcote.co.nz/wp-content/uploads/2016/04/Minimum-Maintenance-Schedule.pdf>)

The Copper and Brass used in Continuous Group Spouting and Brackets is covered for a minimum period of 20 years.
