125MM · HALF ROUND

HALO 125

Like its big brother, the Halo 150, this profile brings a finish that quietly but firmly demonstrates attention to detail. Its European lineage is why architects and specifiers consistently choose the half-round for premium residential builds — stunning aesthetics alongside excellent performance.

Ideally suited for architecturally designed homes, heritage restorations and anywhere the spouting is meant to be seen.

- True half-round designer profile
- Classic European half-round profile
- Tough marine-grade materials
- External bracket — Buz-125 or Preston
- Up to 20 year material warranty
- Matching downpipes & snow protection

SPECIFY YOUR HALO PROFILE

FINISH RANGE	SPOUTING MATERIAL	COLOUR CHOICE	BRACKET MATERIAL	BRACKET OPTIONS
