

Trim Head Exterior Timber Screws

The efficient and faster way to install
Weatherboards, Facings and Boxed Corners

SIMPSON
Strong-Tie

Look for the yellow strip. Your guarantee of quality and performance from **Genuine Quik Drive Fasteners**.

Available loose for hand-drive and collated for Quik Drive

Simpson Strong-Tie Stainless Steel Trim Head screws are ideal fasteners for many exterior timber applications, including weatherboards, window and door facings, boxed corners and even aluminium window and door jambs.

Features and Benefits

- No pre-drilling required.
- Consistent countersink means no punching required.
- Trim head for clean and less noticeable finish.
- Unique "box" thread design with raised-ridge technology greatly reduces driving torque.
- Easy to reverse out means no broken boards if you need to remove the fastener.
- BRANZ Appraised for performance you can trust.*
- Suitable for NZS 3604 extra high wind zones.

Installation
