Cavity Sliders™

CaviDoor

AluTec®

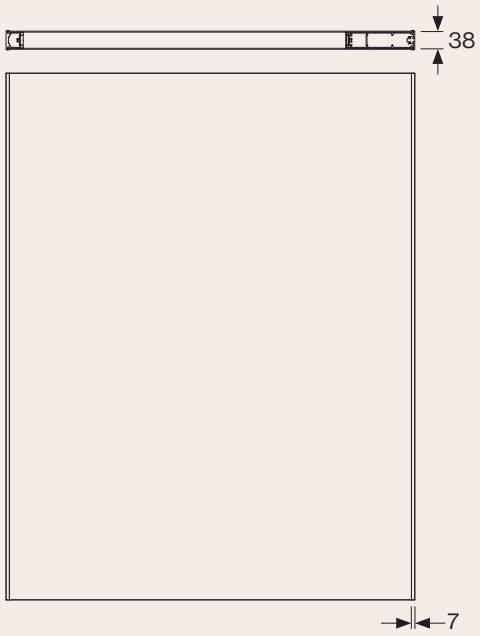

AluTec®

The CS AluTec is our top-of-the-line flush door, made entirely of aluminium with no visible screws or fastenings. Engineered to prevent bowing, it's perfect for oversized doors or large room dividers due to its exceptional stability. Ideal for big projects needing multiple oversized aluminium doors, it offers sleek aesthetics combined with unbeatable durability and reliability.

Options

The CS AluTec is clad in a 2mm thick aluminium skin which can be pre-finished in a variety of powder coat colours.

Features

- Quality construction allows the doors to be manufactured to large sizes
- All aluminium components are screwed together for strength and reliability
- Designed to work with the CS track and carriage system and CaviLock hardware
- Maximum Size: 3000mm high x 4500mm Wide (larger sizes may be available on request)
- Suitable alternative to timber doors when a door over 1020mm wide is required.
- Low maintenance

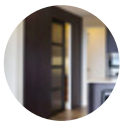

How to Specify (example)

Product	CS AluTec Door
Location	Boardroom
Application	Cavity Slider
Door Type	5H-5V lite
Leaf Dimensions	2700mm x 1200mm
