Cavity Sliders™

CaviLock

CL400® Magnetic Passage

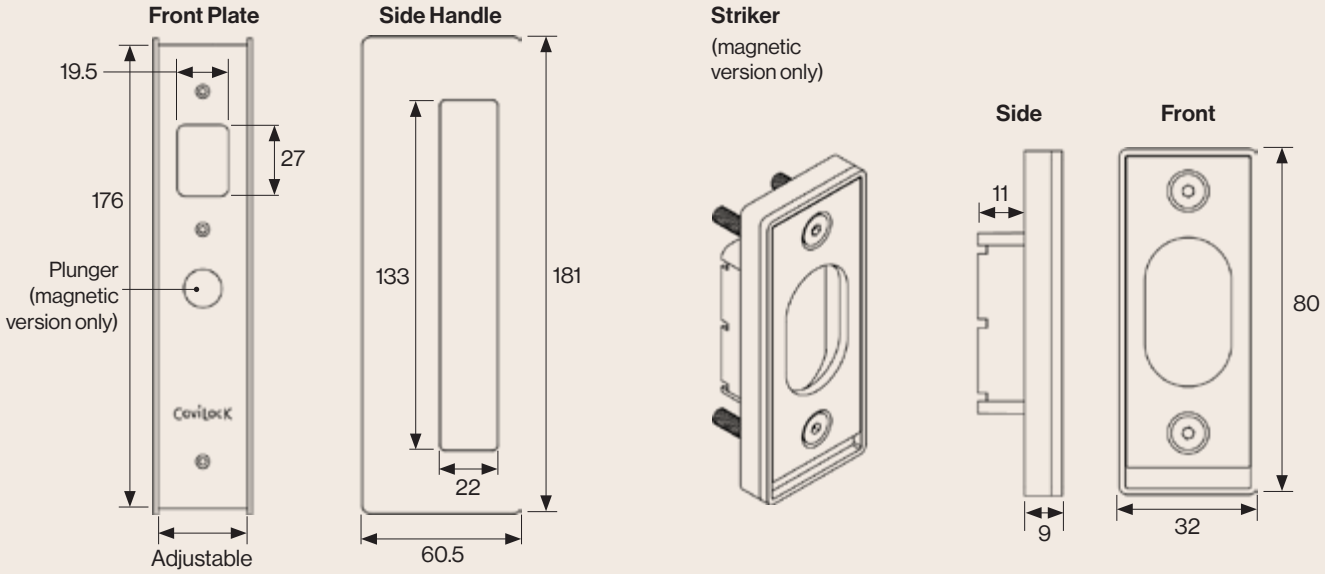

CL400® Magnetic Passage

The CL400® is a stylish architectural option for passage handles. Designed to complement the privacy and locking range, this handle features a positive hold close action to ensure the door doesn't bounce off the closing jamb.

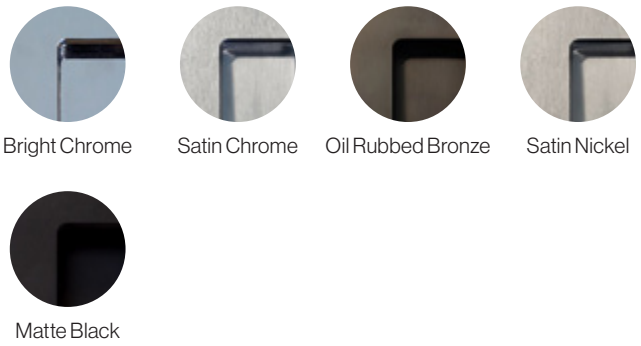

Features

- Door slides flush back into the pocket
- Patented magnetic technology
- Positive grip for heavy doors
- Suitable for cavity slider or surface sliding doors

Technical Detail

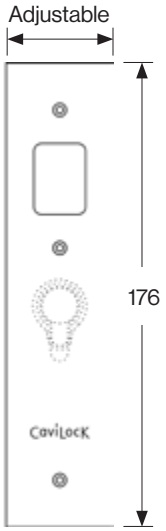

Door Cutout

The CL400® requires a simple door cutout. Complete instructions and templates are supplied with every handle.

Face Plate

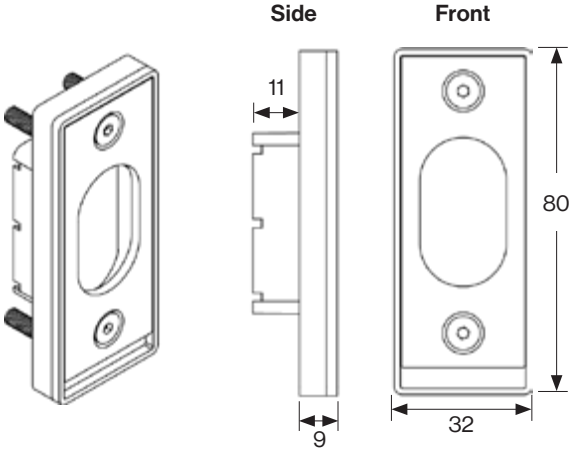

Different face plate widths are available, to suit doors 34-40mm, 40-46mm or 46-52mm thick.

Striker

The striker supplied is designed to sit flush with the face of the closing jamb. Striker cutout template and instructions are supplied with your handle and cover installation into a flat or recessed closing jamb.

Flush Striker - Passage and Privacy Handles
