

**The warmth & beauty of
wood, the durability
of aluminium.**

The warmth & beauty of wood, the durability of aluminium.

Natural-looking woodgrain finishes for aluminium extrusions and panels

Exclusively made in New Zealand by Metwood, part of the Powder Coating Group.

The Metwood 25/10 warranty results from a 2-stage process where the substrate is powder coated before the woodgrain pattern is sublimated into the powder coating.

Interpon, the world leader in sublimation powder coatings, provides a 25 year warranty on the underlying powder coating.

Memphis, a leading sublimation film manufacture, provides a 10 year warranty on the sublimation finish.

Subject to Interpon and Memphis terms & conditions. Note that finishes may exhibit some shifting in colour over time.

MetWood is an eco-friendly and fully customisable solution, ideal for:

Cladding, Louvres, Screens, Fencing, Soffits, Windows, Awnings, Pergolas, Ceilings, Doors, Facades, Partitioning.

Standard Woodgrain Finish Selection

Metwood is ideal for both interior and exterior use. The sublimated finishes exhibits the natural variations of colour, grain and blemishes that are seen in real wood and has a 10 year warranty on the pattern.

When applied to aluminium, Metwood is virtually maintenance free with non-warping properties and is impact and scratch resistant.

Metwood may allow you to overcome fire rating issues whilst still retaining the warm appearance of wood.

DISCLAIMER: The images used are high definition photographs of actual pieces of timber. This means that MetWood sublimated finishes exhibit all of the natural variations of colour, grain and blemishes that are seen in real wood. Although we have made every effort to match the colour swatches in this brochure to the actual finishes, due to variations in the print process, colours and grain patterns may vary.
