Installation: It is recommended that this carpet be installed in accordance with Australian Standard AS 2455.1:2019 or New Zealand Standard NZS 2455.1:2007 unless otherwise specified. Cleaning and maintenance should be done in accordance with AS/NZS 3733:1995.

Pattern Match Width: On multiple width installations, the pattern match can be achieved at 366cm. This product is manufactured within the normal tolerances for broadloom patterned carpet. Purchasers and installers should be aware that special attention will be required to assure a suitable pattern match.

CAUTION - Geometric Pattern: This carpet has a repeating pattern or texture. While it has been manufactured using the best available techniques to minimise pattern distortion, the extensible nature of textile products means that some distortion is likely. The carpet will require special care during installation, but even then some irregularities may be visible, especially when viewing across multiple width installations.

Colour Variation: Colour may vary from dye lot to dye lot.

Material Variation: Backing or other materials may change without notice depending on raw material availability.

Custom Variation: Custom weights and/or colours may be produced to meet individual requirements for larger projects. For further details contact your local Bremworth office.
