

Korado

Radiators provide a responsive and flexible heating option for both new and existing homes. They heat up and cool down quickly, so are ideally suited to New Zealand's changeable weather conditions and the typically busy lifestyles of New Zealanders.

Quality Korado Radiators

The Korado Line radiator (pictured above) is a smooth, linear lined steel panel radiator with a contemporary look. They are a high-quality, European manufactured radiator that comes with a 25-year warranty and 8-ports for connection flexibility.

The Korado's slim profile, low water content and high output along with the contemporary design suits both commercial and modern residential projects equally well, and can be custom coloured to suit your decor.

8-port connections

With 8-ports for connection, it's the easiest most adaptable radiator range we have and makes for easy installation in new or existing homes.

— Koratherm Designer Radiator

Available Models

The Korado is available in heights ranging from 400 to 900mm and lengths from 400 to 1,800mm. The Korado is available with the 21, and 22 style panel configurations. Vertical radiator models are available in type 22 style panel configuration. Korado output ranges from 277 to 3,715W. The size and panel configurations of the radiator are determined by output requirements and the space available.

Korado's designer radiator range 'Koratherm' are available in horizontal or vertical models on special order.

Visit our website for more information and imagery of the Korado line radiator range.

Product Code	Style
KRLIN21	Korado Radiator Type 21
KRLIN22	Korado Radiator Type 22
KRLINV22	Korado Vertical Radiator Type 22

— Output varies with radiator size. Additional styles and sizes available by indent. Contact us for further details.

Mounting: These radiators are supplied with easy-fit brackets. These can be mounted anywhere along the length of the radiator as they simply clip the top and bottom edge.

NB: Wall fixing stud position is flexible but recommend 150mm in from each end of the radiator.
