

PALADIN

Fence panel and pedestrian gate

The Paladin fence panel and pedestrian gate is a modern architectural fencing option. The panel consists of a series of vertical fins arranged in parallel to create a striking visual effect that makes it a feature of any project. The Paladin fence panel provides excellent security, durability, and directional privacy. The robust aluminium construction from high quality materials ensures that this fence can withstand the harsh weather conditions of the New Zealand environment.

CARE & MAINTENANCE:

To best care for your fence, meet warranty requirements and to extend the life of our products we recommend washing down all exposed metalwork including panels, posts, gates and fixings every 6 months, and every 3 months in sea spray and geothermal locations.

For full care and maintenance information and instructions please see the Urban Group Care and Maintenance document.

WARRANTY INFORMATION:

We provide a 10year warranty on the fence panels, posts and gates, and 2years on associated hardware.

These warranty periods are subject to further terms and conditions, please see the Urban Group Warranty 2023 document for full warranty information.

Please ensure the current Data Sheet is consulted prior to specification or installation of Urban Group products. If you require additional information not included in this Data Sheet, please contact Urban Group.
