POLYGLAZE

POLYCARBONATE SHEETING • LOOK OF GLASS

POLYGLAZE can help you create an elegant, stylish glass look appearance for your outdoor living space, so your friends and family can safely enjoy the New Zealand outdoor lifestyle. PolyGlaze can be easily installed with screws and overlapped on 50mm rafters or purlins at 600mm centres to give an outstanding unobstructed view.

- Look of glass without the expense
- Lightweight and Strong
- Simple and cost effective to install with no glazing bars required
- Greater hail and wind resistance
- UV protection, blocks 99.9% UV radiation

APPLICATIONS

Porches, Carports, Walkways, Awnings and Entrances, Gazebos and Pool Covers.

CLEANING

PolyGlaze can be easily cleaned with soapy water and a soft microfibre cloth or soft sponge.

HANDLING AND STORAGE

PolyGlaze should be handled with care to avoid any unnecessary scratches prior to installation. Store out of direct sunlight in a clean, dry and flat area.

SAFETY

Do not step directly onto panels, ensure safety regulations are followed.
