

COMBI™ LINE MODULAR

Gollinucci
DESIGNED FOR EVERY DAY

MADE IN ITALY

COMBI™ LINE MODULAR CUTLERY TRAY SYSTEM

The Combi™ Line modular tray system is designed to allow you to adapt and optimise the space inside the drawer.

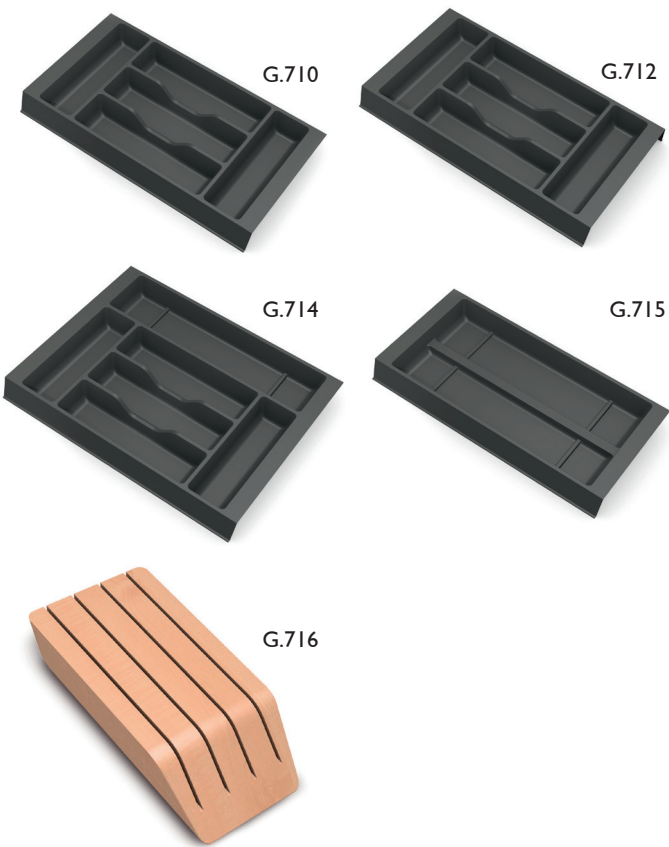

They are equipped with a side wing as a key feature that drops from the tray to the base of the drawer, allowing you to organise the rest of the drawer as desired and preventing items from getting under the tray.

The Four inserts available allow you to create numerous combinations depending on the size of your drawer.

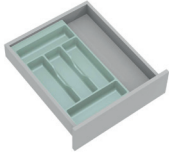

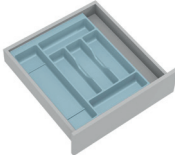

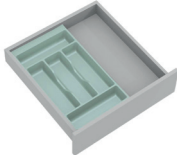

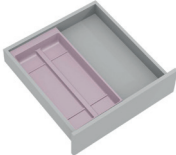

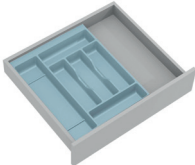

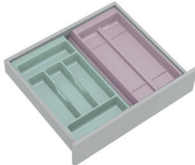

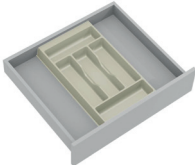

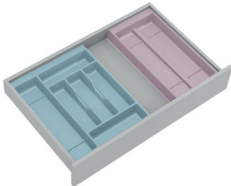

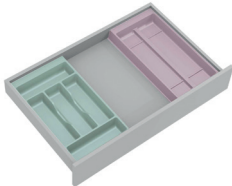

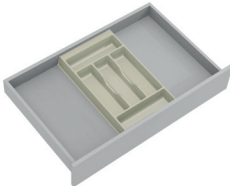

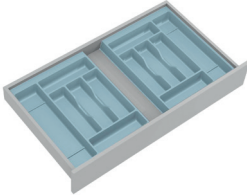

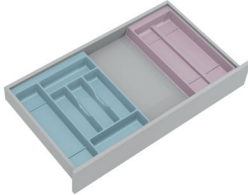

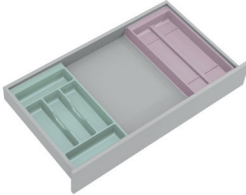

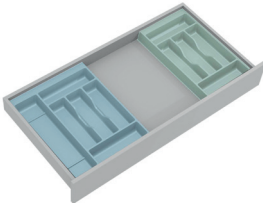

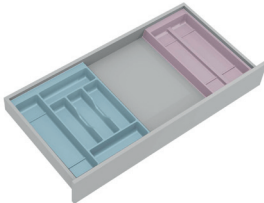

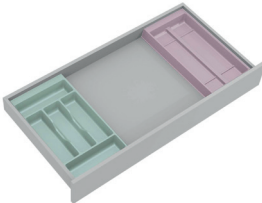

Accessorise the drawer alongside the modular trays with knife block available.

- Orion Grey
- Matte Finish
- Beech Wood Knife block available to suit G.714 & G715 trays
- Carton Quantity of 25

Item Code	Side Wing	Width	Depth	Height
