## Squareform

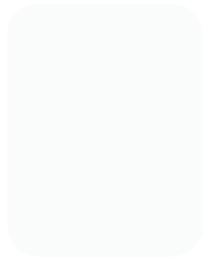

The kitchen is the most creative space in your home, and the benchtop is where the process begins.

The Laminex® Squareform™ range gives you the beautiful modern look of stone slab, with the practicality and economy of laminate.

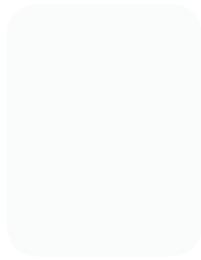

Sharp edges are gone - Squareform™ features a seamless, deep square front edge. It can be postformed to a tighter radius (5mm) than standard Laminex® HPL. There are 22 stylish and opulent decors and are designed to harmoniously co-ordinate with the complete range of Laminex® products.

## DiamondGloss

Laminex® DiamondGloss® surfaces are premium high gloss laminates, ideal for helping you create a perfectly polished finish in your home. They combine brilliant lustre with exceptional scuff resistance. There are 20 stunning modern decors to choose from ensuring you get the right look for your style.

This makes them far superior to traditional high gloss laminates and a stylish choice for both horizontal and vertical applications.

## Spark

Spark finish is ideal for benchtops and counters, adding depth & a stylish shimmer to stone patterns. Its striking realism evokes the natural beauty of sparkling quartz grains embedded in stone.

To add intrigue, this stunning effect varies in appearance depending on which angle the light hits it. Used on solid colours, Spark adds flickers of light across the surface which bring benchtops to life.

## Innovations

Laminex® Innovations® inspire your imagination. A stylish decorative laminate suitable for vertical surfaces, they turn even the simplest of ideas into the most extraordinary spaces.

You can select from 8 contemporary decors featuring metallic and abstract design. With minimal effort, Innovations can bring to life shop fittings, boutique accommodation, residential environments and office interiors. So when you want to create a look and feel that's truly inspirational, let your ideas run free with Laminex® Innovations.

The Laminex Group, A division of **FLETCHER BUILDING PRODUCTS LTD**. The colours of the photographs depicted in this brochure are as close to the Laminex range as photographic lighting and modern printing processes allow. Note: Colour/finish combinations are subject to availability. Colour/finishes shown are available at the time of publication, but may be withdrawn. Laminex, Squareform, Spark, DiamondGloss and Innovations are marketed, distributed and manufactured by The Laminex Group. Dark colours and gloss finishes require more care and maintenance than light-coloured and lower-gloss surfaces. The Laminex Group recommends the use of laminate cleaning products for dark colours and gloss finishes, please visit [laminex.co.nz](http://laminex.co.nz) for specific care and cleaning information. Please note that in certain lights or from different angles wipe down marks may be visible. The Laminex, Squareform, Spark, DiamondGloss and Innovations decors are no different than any other material in that darker colours will always show scratches and superficial wear and tear more readily than lighter colours. **Laminex, Squareform, Spark, DiamondGloss and Innovations decors** should be protected from strong, direct sunlight as continuous exposure may cause discolouration or fading to the surface over time. Please obtain a copy of the terms and conditions of the Laminex 7 year limited warranty from The Laminex Group or visit our website. This warranty is in addition to any rights that may exist under the Consumer Guarantees Act (1993).
