Warranty conditions: We offer a 10-year stain protection warranty on Royal Feel. This warranty is valid for all stains caused by food and beverage when recommended carpet care and cleaning procedures are used. Regular carpet care and routine maintenance are essential to maintain your warranty coverage. It is important that you give immediate attention to any accidental spillages by following the detailed cleaning instructions mentioned above. At least every 24 months, an in-depth cleaning must be performed by a professional carpet cleaning technician. Retain your receipts for proof of maintenance should a warranty claim arise. For more details, please see on the website: [www.etsernity-carpet.com](http://www.etsernity-carpet.com)

Ideal for Residential and Light Hospitality Use.

The subfloor should be dry, smooth, flat, dust-free and resistant to compression and load-bearing. Where seaming is necessary, a seam sealant must be used for all such installations. Due to dye lot variations, actual color may vary slightly from the samples. Chair pads are recommended to prevent premature wear of carpet.
