

BENTLEY® carpet tiles BPIR Declaration

Version: November 23

Designated building product: Class 1

Heritage Carpets Limited has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

Product/system

Name	Bentley Mills carpet tiles
Line	All tufted Carpet tiles from Bentley
Identifier	Bentley Mills carpet tiles

Description

Bentley carpet tiles made with nylon (PA) pile material with commercial assurances. These carpet tiles may have a loop pile or cut pile surface finish and can be plain or patterned. They can be ordered with various backing options and dimensions.

All Bentley carpet tiles have compliant, similar performance and fire characteristics, including anti-static.

Scope of use

Bentley carpet tiles **are suitable** for use indoors in high use environments including:

Commercial / Civic

Residential / Accommodation

Education

Health

Infrastructure (indoors)

They are suitable for use with castor chairs

They are suitable for use with underfloor heating and,

Can be installed over most clean, flat and dry surfaces.

They **are not** suitable for use:

On walls

In food preparation areas

In wet areas

Outdoors

Conditions of use

The carpet tiles must be installed in accordance with the New Zealand Building Code and must be cleaned and maintained in accordance with the Bentley Mills cleaning recommendations.

Accordingly, Bentley's installation and maintenance guidance are linked on our website for reference.

Bentley supplies Low VOC pressure sensitive adhesive which must be used and ordered alongside the carpet tiles. This is Bentley Healthbond 2399. The Specification Sheet for this product is linked on our website for reference.

Contributions to compliance -Relevant building code clauses

Bentley carpet tiles satisfy **B2-Durability**

B2.3.1 (c) refers to easily replaced finishes

Bentley carpet tiles properly installed and maintained indoors will outlast the expectation of this clause.

A draft warranty is linked on our website to confirm the above.

Bentley carpet tiles also carry an EN 14041 CE mark under EN1307 confirming the minimum 5-year durability requirement.

Bentley carpet tiles satisfy **C3-Fire affecting areas beyond the source**

C3.4 (b) refers to floor surface materials

All Bentley carpet tiles exceed the highest test result required under this section of the act being 4.5kW/m² when tested to ISO9239-1: 2010 or the equivalent ASTM E648 standard

The relevant test certificate is available on our website or on request

Bentley carpet tiles satisfy **D1- Access Routes**

D1.3.3 (d) refers to adequate slip resistance

According to Table 2 in D1/AS1 all carpets are considered to have both acceptable dry slip resistance and acceptable wet slip resistance.

See the table on p24 of the act [here](#).

Bentley Mills carpet tiles are not subject to a warning or ban under **S26- Warnings and Bans**
