8000 Series

Escutcheons and Acessories

Modern design combined with functionality are the hallmark of the Legge 8000 Series, with a refined square rose and a wide selection of designer levers to choose from.

The Legge 8000 Series will enhance the standard and elegance of any residential and commercial applications like apartments, office fitouts, hotels, and highend quality homes.

Features

- Constructed of quality components, with forged brass levers and inner roses, and pressed zinc rose caps
- The 30 year warranty provides specifiers and users with assured quality and performance
- Suitable for use on fire door assemblies when used with fire rated locks and latches

Handing Guide

Testing and Compliance

Fire Rating:
Successfully tested on fire door assemblies in accordance with AS1905 Part1: Fire resistance doorsets. Check with fire door manufacturer prior to installation.

Accessibility:
Compliant to the AS 1428:1-2009 Design for Access and Mobility.

Caution:
When door closers are installed and adjusted to meet reduced opening force requirements, there may be insufficient power to reliably close and latch the door, depending on prevailing operating conditions.

Note:
In areas of high wind pressure and/or air conditioning pressures, the LCN Automatic Door Operators are recommended.
