

Manufactured and certified to OHAS 18001:2007, DIN ISO 9001:2008, DIN ISO 14001:2004 Management Systems.

Due to no rubber content, Regupol® 4515-S 3mm does not cause plasticizer migration.

A Good Environmental Choice Australia certified sustainable product (GECA).

Specify this acoustic system using NATSPEC.

The product is sanded on one side.

Product information:

The Regupol® 4515-S is a pre-manufactured acoustic underlay made from PUR foam-granulates and cork, bound with polyurethane.

One side sanded for creating a superior surface for the resilient and vinyl floor surfaces.

Regupol® 4515-S is delivered in rolls 20 lineal metres x 1.0 metre wide.

The Regupol® 4515-S is 3mm thickness.

Good Environmental Choice Certified

The Regupol® 4515-S acoustic underlay is Environmental Choice certified to **GECA** 25-2011 v2 Floor Coverings Standard. This **GECA** license provides a Level A Third Party Products Certification within the GBCA Green Star Sustainable Products Calculator. Level A is the highest sustainability factor weighting (100%).

Specify with NATSPEC

The Regupol® 4515-S acoustic underlay is a **NATSPEC** Product Partner under the 0473 REGUPOL in acoustic floor underlays branded work section. The free specification is available in our download section or for further information visit **NATSPEC**.

Adhesives and Accessories

Regupol offer an **extensive range of adhesives, sealers and primers** to suit a broad range of applications within the flooring industry. All of the products available are tested, proven and warranted with the Regupol® and everroll® product ranges. Made in Australia and VOC compliant for green buildings, the products offer specifiers and installation contractors a warranted flooring system.
