Features & Benefits

ECONYL® regenerated fibre

Made from 100% recycled yarn the fibre used to create Genesis provides the ultimate in sustainability. Through the regeneration process ECONYL® yarn never loses its virgin qualities which means it can be recycled an infinite amount of times.

Durable luxury

Genesis provides a welcome sense of luxury in bedrooms and living areas and remains extremely durable to abrasion and flattening. Rated extra heavy duty for residential applications, including stairs, it will also cope well in highly active areas, such as hallways and rumpus rooms.

Stylish simplicity

The neutral, organic colour palette provides a fantastic, flexible foundation for a wide range of modern interior design themes and furnishings.

Colourfast and made to last

Designed to retain its aesthetic appeal for years to come, Genesis colours will not rub off or bleed, and strongly resist fading from sunlight and general wear.

Easy to maintain

The generous loop pile which makes up the Genesis design will not showing tracking and will also resist moisture, mould and insect damage.

Solid shade carpets may exhibit colour streaking. Tufting of this carpet may incur shift lines across the width of the carpet. This is not a manufacturing fault and will not affect the performance of this carpet. Patterned carpets with directional designs may be subject to pattern distortion. Exact pattern match cannot be guaranteed.

Our goods come with guarantees that cannot be excluded under the New Zealand Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage.
